

### ICT

We shall be looking at how we stay safe online.

### Humanities

Geography—The class will be looking at the local surrounding area and discussing the human and physical features of particular sites. We shall also be using Google Maps to give us satellite images of specific local destinations.

### Art & DT

We will be inspired by Andy Goldsworth to create sculptures and water colour images.

### Science—Plants

During our plants topic we will be learning about the conditions needed for plants to survive. Also, we shall be studying the local areas and seeing what species of plants we have around us.

### English

We will be looking at the book called the 'Lost Happy Endings'. The class will explore the language and incredible illustrations to inspire their writing.

### PE and Games

One session each week will be taken by Freedom Leisure where the class will take part in a range of sporting activities. We shall also be looking at Football and Tag Rugby.

### French

Numbers to 20  
Colours  
Days of the week.

### Maths—Place Value

We shall be looking at:  
Numbers up to 1000

Addition

Subtraction

Times tables

Reasoning and Problem Solving

### RE/SMSC

How does a Muslim show their submission and obedience to Allah?

Moorhen Class  
Autumn Term 1
